

NEW, LOW SIPHON!

BATHROOM LINEAR INLETS

Aqua Ambient linear bathroom inlet is a new trend in draining water in places such as bathrooms, spa lounges or sport facilities. Aqua Ambient Linear inlets have been designed in accordance with the latest trends so that they perfectly harmonize with the architectural values of utility rooms of a higher standard.

MADE IN POLAND

All grates and drains are designed and made in Capricorn production facilities

FITS ALL INVESTMENTS

A 360-degree rotating siphon makes it easy to connect the drain pipe

MODERN DESIGN

Elegant design with perfectly smooth grates surface ensures high comfort of use

HEIGHT ADJUSTMENT

Mounting legs help to properly level the drain during the installation, and thanks to the anchoring hole they facilitate mounting to the ground

AVAILABLE IN
SILVER AND BLACK
